National Test of the Wireless Emergency Alert (WEA) and Emergency Alert System (EAS)

Drill postponed; On 10/03/18, the Federal Emergency Management Agency (FEMA), in coordination with the Federal Communications Commission (FCC), will conduct a nationwide test of the Emergency Alert System (EAS) and Wireless Emergency Alerts (WEA).

- The test will assess the operational readiness of the infrastructure for distribution of a national message and determine whether improvements are needed.
- At 1118 hours, the WEA test message will be sent to cell phones that are connected to wireless providers participating in WEA.
- At 1120 hours, the EAS message will be sent. EAS is a national public warning system that provides the President with the communications capability to address the nation during a national emergency. The test is made available to EAS participants (i.e., radio and television broadcasters, cable systems, satellite radio and television providers, and wireline video providers) and is scheduled to last approximately one minute.
